

<b>Name:</b>	<b>Anderson County Underground Water Conservation District</b>
<b>Phone #:</b>	450 Anderson County Road # 409 Palestine, TX 75803 903-729-8066
<b>Website:</b>	No website
<b>General Manager or Contact:</b>	Tommy Wardell
<b>Regional Area or jurisdiction:</b>	The central portion of Anderson County
<b>Date Current Rules were adopted:</b>	May 1989 and amended October 2003
<b>Description:</b>	The District currently does not impose any type of limitations on production.
<b>Regulatory method categories:</b>	1 roc

<b>Name:</b>	<b>Bandera County River Authority and Groundwater District (Formerly Springhills Water Management District)</b>
<b>Phone #:</b>	P.O. Box 177 202 12th St., Bandera, Texas 78003 Phone: (830)-796-7260 Fax: (830)-796-7260
<b>Website:</b>	<a href="http://www.springhillswmd.org/">http://www.springhillswmd.org/</a>
<b>General Manager or Contact:</b>	David A. Jeffery
<b>Regional Area or jurisdiction:</b>	Bandera County
<b>Date Current Rules were adopted:</b>	The District is currently in the process of amending its rules.
<b>Description:</b>	Wells with industrial purpose of use are restricted to 1000 gal/day. Rules also include spacing requirement
<b>Regulatory method categories:</b>	2 cr/ru, 7 ru

<b>Name:</b>	<b>Barton Springs/Edwards Aquifer Conservation District</b>
<b>Phone #:</b>	1124 Regal Row Austin, Texas 78748 512/282-8441 fax:512/282-7016
<b>Website:</b>	<a href="http://www.bseacd.org/">http://www.bseacd.org/</a>
<b>General Manager or Contact:</b>	Veva McCaig
<b>Regional Area or jurisdiction:</b>	Barton Springs segment of the Edwards aquifer, which includes Southern Travis County, Northern Hays County, and portions of SW Bastrop County and NW Caldwell County.
<b>Date Current Rules were adopted:</b>	Adopted on August 14, 2003
<b>Description:</b>	Permits are generally required, with permit allotments determined on a case-by-case basis. Permit allotment based on the quantity that can be withdrawn from the well without causing unreasonable drawdowns on the aquifer or interference with nearby wells. Determination is based on hydrologic pump testing that each applicant is required to perform as part of the permit application process.
<b>Regulatory method categories:</b>	8 ru

<b>Name:</b>	<b>Bee Groundwater Conservation District</b>
<b>Contact:</b>	PO Box 682 Beeville, Texas 78104-0682

<b>General Manager or Contact:</b>	Lloyd Behm
<b>Regional Area or jurisdiction:</b>	Austin, Grimes, and Walker Counties.
<b>Date Current Rules were adopted:</b>	Rules were originally adopted in April of 2002, but the District is expected to amend and adopt additional rules in early 2004.
<b>Description:</b>	The District currently does not impose any limitations on production.
<b>Regulatory method categories:</b>	1 roc

<b>Name:</b>	<b>Brazos Valley Groundwater Conservation District</b>
<b>Phone #:</b>	P.O. Box 528 Hearne, Texas 77859 Phone: (979) 279-9350
<b>Website:</b>	<a href="http://www.brazosvalleygcd.org">www.brazosvalleygcd.org</a>
<b>General Manager or Contact:</b>	Bill Riley
<b>Regional Area or jurisdiction:</b>	Brazos and Robertson Counties
<b>Date Current Rules were adopted:</b>	The District is currently in the process of adopting a management plan. Rules will be promulgated upon adoption of the plan.
<b>Description:</b>	New wells are subject to spacing requirements. Existing users are given historical use permits based on current demand. Permits for new users will be issued (up to the aquifer cap) based on the amount that can be put to non-wasteful, beneficial use; no production limits at this time. District has not determined what limits will be imposed once aquifer cap is reached.

<b>General Manager or Contact:</b>	<a href="#">Cheryl Maxwell</a>
<b>Regional Area or jurisdiction:</b>	Bell County
<b>Date Current Rules were adopted:</b>	Current Rules: Adopted November, 2001, effective February, 2002 (New rules are under consideration)
<b>Description:</b>	Current Rules: Preference given for historic users, but no defined historic period. A well in existence on effective date of rules is grandfathered, with its authorized withdrawal amount equal to the permittee's anticipated water demand for each permit year. New wells allotted permits based upon intended demand for beneficial use. Proposed Rules: Contemplate use of a historic period, with historic users getting permits equal to maximum annual use during the historic period.

<b>Website:</b>	No website
<b>General Manager or Contact:</b>	John Jones
<b>Regional Area or jurisdiction:</b>	Central and Western portion of Culberson County. The District is attempting to annex the entire county.
<b>Date Current Rules were adopted:</b>	Adopted July 17, 2002
<b>Description:</b>	Permits are required for all new wells that produce 500 gpd or more, and registration is required for wells that produce less than 500 gpd. Although no production limits are imposed, the District does impose certain spacing limitations.
<b>Regulatory method categories:</b>	2 cr/ru, 6 pa

<b>Name:</b>	<b>Dallam County Underground Water Conservation District No.1</b>
<b>Phone #:</b>	PO Box 103 Texline, Texas 79087 Phone: 806-362-4506
<b>Website:</b>	<a href="http://www.texasgroundwater.org/Districts/dallam.htm">http://www.texasgroundwater.org/Districts/dallam.htm</a>
<b>General Manager or Contact:</b>	President is Kenneth Diller
<b>Regional Area or jurisdiction:</b>	Northern portion of Dallam County
<b>Date Current Rules were adopted:</b>	Originally adopted 1954 and amended periodically since then. The District plans to either update their rules or join North Plains Groundwater Conservation District.
<b>Description:</b>	Production is limited to 1000 gallons/minute if 400 yards or more of space is available between the well and surrounding wells, and to 600 gallons/minute if 300 yards of space is available between the well and surrounding wells.
<b>Regulatory method categories:</b>	7 ru

<b>Name:</b>	<b>Edwards Aquifer Authority</b>
<b>Phone #:</b>	1615 N. St. Mary's St. San Antonio, TX 78215 Phone: (210) 222-2204
<b>Website:</b>	<a href="http://www.edwardsaquifer.org/">http://www.edwardsaquifer.org/</a>
<b>General Manager or Contact:</b>	Gregory M. Ellis
<b>Regional Area or jurisdiction:</b>	All or parts of Atascosa, Bexar, Caldwell, Comal, Guadalupe, Hays, Medina and Uvalde counties.
<b>Date Current Rules were adopted:</b>	Various permitting rules adopted between 2000 and December 16, 2003.
<b>Description:</b>	All non-exempt withdrawals must be permitted. The permit system provides a preference in favor of "existing users" (i.e., those who can establish beneficial use of the water withdrawn during the "historical period" between June 1, 1972 and May 31, 1993). A district-wide, statutory withdrawal cap also limits overall quantity of permitted withdrawal rights.
