March 27	Austin	May 22	San Angelo
April 2	Easter	May 29	Schertz

CE Class Safety Protocols

Check-in requirements

- **Masks must be worn for the entirety of the class**
- Attendees may be asked to complete a health form/waiver in advance of the class
- Attendees may be screened with temperature checks upon arrival

Other safety protocols

- Six feet of spacing will be implemented between each attendee
- Tables and chairs will be sanitized before the class starts
- Hand sanitizer will be placed in several areas of the classroom – we recommend using it frequently
- No community food and beverage will be provided, but attendees can take a mask or food break outside between classes
- Sign in sheets will be on the tables where attendees are sitting instead of the registration desk

NOTE: For the safety of our staff, contractors, and members, it is imperative that attendees follow these guidelines. Failure to comply with these rules could cause cancellation of the class and future classes. Classes may be subject to cancellation and transition to a Zoom platform depending on local regulations and status.
